TEN REASONS WHY EXECUTIVES CHOOSE OVER-C

Over-C is an incredibly versatile and adaptable toolkit, which you can use to expand your business and win new contracts.

Discover the power of Over-C in your pocket:

1. **Over-C lets you leverage your Existing Investment**

   Because we are a cloud based service, there's ZERO hardware or software to buy, install or maintain. Only pay for what you use with Over-C's flexible pay-as-you-go, quarterly or annual pricing plans; we provide you with predictable or fixed costs.

2. **Proven to expand your business and Increase your Profits**

   Over-C will help you find better ways to manage your people as mission-critical assets that can help drive higher levels of operating performance and ultimately increased revenues whilst at the same time driving down operating costs.

3. **Over-C supports Mobile Device choice freedom**

   Over-C is the best solution on the market, with futureproofing ready for your new devices and operating systems, iOS, Windows, Android, Java or Blackberry.

4. **Lone Worker and Man Down Monitoring**

   Working alone in potentially hazardous areas can be a cause for concern not only for the lone worker but for you, the employer. You have a duty of care for your employees, Over-C makes sure you fulfil your legal Health and Safety responsibilities.

5. **Global Operational Compliance**

   Over-C provides transparency across the business process by delivering digital proof of presence or tasks completed in real-time: why, what, where, when and by whom.

6. **Smartphone App Accessible from Anywhere**

   With our web or phone app online service, you leverage the power and flexibility of the internet to obtain anytime, anywhere access to connect with your remote workers.

7. **Comprehensive Business and Productivity Mobile Apps**

   With Over-C's fully flexible drag and drop app builder you can tailor it to whatever you have to manage; staff, inventory, assets, service task, the applications are limitless.

8. **Ongoing Support and Product Enhancements**

   As the No. 1 NFC* Mobile Resource Management provider, we leverage user feedback from around the world to add compelling new applications and features to your service, with your information hosted securely by Rackspace the world leader cloud computing.

9. **CloudFlow Airtime Network Performance Monitoring**

   Over-C monitors your mobile devices and your airtime service provider, in real-time, to check cell carrier data performance and intelligently switch data packets to the fastest route - we test every second how good your network provider really is.

10. **High User Adoption and Successful Deployment**

    We have invested 50 person-years in designing and developing our software. Over-C's expertise and experience in serving customers around the world assure high user adoption and a very successful rollout in your organisation.
